Giving for God's Work

Make a Difference

Donor Advised Funds

This designation of this fund allows the donor to create a charitable fund at the Missouri United Methodist Foundation and the donor can advise the foundation regarding what they would like the funds to support such as our church.

Some ways to do this is by transferring stock or real estate and avoid capital gains tax by not selling them on your own. These funds are then invested and the earnings compound tax free. Sounds like a deal to me!

John Wesley:

“Do all the good you can,

By all the means you can,

In all the ways you can,

In all the places you can,

At all the times you can,

To all the people you can,

As long as you can.”

Thanks for listening!
